THE CHARLEROI MAIL

VOLUME XXI—NO. 29 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA WEDNESDAY, JULY 21, 1920 TWO CENTS

SALVATION ARMY CAMPAIGN COMMITTEE MAKES A REPORT

Shows Total Amount Collected, As Well Record of Each District

STOCKDALE HAS GOOD SHOWING

The Salvation Army Campaign committee, which was in charge of the financial campaign recently held in Charleroi, has prepared a report of all the contributions received, and has forwarded the proceeds to the campaign headquarters in Pittsburgh. The following tabulation has been made by Roy I. Carson, chairman of the general committee, of the amounts received from the various districts:—

District No. 1—Arch Osborne and George Newton, $739.41.

District No. 2—J. W. Marbine, Chairman—$28.10.

District No. 3—T. L. Pollock, chairman, $16.39.

District No. 4—Wood Hendershot, chairman, $60.34.

District No. 5—H.B. Hetrick, chairman, $13.41.

District No. 6—Carl Corwin, chairman, $17.00.

Lock No. Four—C. H. Geho, chairman, $119.90.

Speers—James Heffran and Wm. P. Kuhn, $38.25.

Allenport, Theodore Jones, chairman, no report.

Dunlevy, Jack Barnes, chairman, no report.

Finleyville—Matthew Lynn, chairman, $22.40.

Stockdale— Andrew Rutherford, chairman, $102.45.

Roscoe—Joe T. S. Cowen, chairman, no report.

Twilight—E. J. Taylor, chairman, $10.00.

Maple Creek—Steve Dworaczek, chairman, $5.00.

Bentleyville— Herbert Hertzog, chairman, no report.

Sale of Tags, Mrs. William High, chairman, $58.70.

Sale of Doughnuts—Mrs. C. C. Wright, chairman, $54.14.

Church Committee—Rev. John R. Berson, chairman, $18.98.

Pittsburgh Plate Glass Co., Employees, $48.48.

Macbeth-Evans Glass Co. Employees, $67.51.

Miscellaneous $26.29.

Total, $1,447.05.

The General Committee reports that they have found conditions at the present time very unfavorable for conducting a campaign. This was realized when the campaign was started and the Committee is very well pleased with the results obtained. The results accomplished by Arch Osborne and George Newton in the first district was the most encouraging feature of the campaign. Messrs. Osborne and Newton by giving their personal services secured very good results. They were ably assisted by the ladies of their district. Ella Malcolm having raised $45.31, which was the highest amount raised by any of the lady workers.

In the Lock No. Four district, very good work was accomplished. The chairman, C. H. Geho, was ably assisted by the ladies of the Raymond Craft Auxiliary.

The report from Stockdale, where Andrew Rutherford was chairman, was perhaps the best in the campaign when the number of inhabitants and the absence of business houses are considered.

The manner in which the committee and workers in the whole area responded to this call of the Salvation Army was very pleasing and enabled the Charleroi district to secure a very favorable comparison with the reports from other districts.

SLOW WORK ON THE DONORA BRIDGE

According to reports from Donora work on the river bridge is progressing rather slowly, despite the fact that the contractor has had exceedingly good weather since the bridge was closed to traffic. On Wednesday it was reported that the concrete had not as yet been poured on the Donora approach, and as the structure will be closed ten days after this is done it may be some time before the bridge is again opened to traffic.

INSTANTLY KILLED IN AUTO ACCIDENT

W. H. Murray, aged 69 years, a prominent farmer of Somerset township, was instantly killed Tuesday evening about 9 o'clock when the automobile in which he was riding, crashed through a fence and turned turtle over an embankment. The accident happened about a mile from the Murray home, on the road leading from Vanceville to Ellsworth, near the Boyd Paden farm. Mr. Murray's neck was broken and he was also badly cut by glass from the windshield. Mrs. Murray, who was in the car, was cut on one hand by glass, but not seriously. A son and daughter of Mr. Murray, who were also in the car, were not injured in the accident. Mr. Murray was one of the best known residents of the Bentleyville section and at the time of his death was a director and also vice president of the Farmers and Miners National Bank of Bentleyville.

SQUIRE NUTT OFFICIATES AT EVENING WEDDING

Justice of the Peace Paul R. Nutt officiated at the ceremony Tuesday evening, July 20 at 9 o'clock at his office, which united the lives of John Poundstone of Lock Four, and Lizzie Crow, of New Geneva. The contracting couple were attended by Mr. and Mrs. William Poundstone, the former a brother of the groom. Mr. and Mrs. Poundstone will reside Lock Four.

I will collect rent, positively in advance and guarantee no vacancies. Clyde B. Cone, Real Estate and Insurance, 215 McKean avenue. 21-tf*

PROGRAM OF SPORTS FOR M. E. PICNIC

At the Methodist Episcopal Sunday school picnic to be held at Oakland Park on Thursday afternoon, the following list of sports will feature the event:

100 yard dash for boys from 12 to 16 years.

50 yard dash for girls from 12 to 16 years.

Lolly-pop race for beginners.

Shoe shuffle for boys from 9 to 12 years of age.

Race through the clouds for girls over 16 years.

Bucket contest for married women.

Running broad jump for men.

Special cars have been arranged for, the first to leave Lock Four at 12:50 p. m., and Fifth street at 1:10 p. m. The second car will leave Fifth street at 2:10.

TO REORGANIZE THE BOY SCOUTS

A meeting for the reorganization of the Charleroi Boy Scouts will be held Thursday evening, July 22, at 7:30 o'clock, in the High School gymnasium.

PHILLIPS IS MAKING GOOD IN THE SOUTH

Joe King, the Monessen young baseball player who was sent to Orlando, Fla., for a tryout with the Florida State league, has returned home, having found the climate in the southern city entirely too warm for his health. During his brief stay he lost ten pounds and was more than anxious to return home.

Les Phillips, of Charleroi, who accompanied King to the South, has lost fourteen pounds, but is proving a sensation to the southern fans and he was urged to remain. Phillips is now batting in the clean-up position for the Orando team and is swatting the ball to all corners of the lot. He will undoubtedly be retained by the management, provided his health does not fail him.

STATE POLICE TO INSPECT GASOLINE TANKS

State policemen have begun the inspection of all gasoline tanks located along State main highways, by direction of the bureau of fire protection and it is expected that hundreds of them will be reported upon within a month. Many of the tanks for the sale of gasoline have been reported upon informally as not being well constructed and so located as to form fire hazards. Under the State law fire protection officials have the right to ordtd discontinuance of tanks or improvements to make them safe.

CONDITIONS AT NEWELL VERY UNSATISFACTORY

Residents of Newell are very much distressed over the state of lawlessness that prevail there and has prevailed since the strike of last April.

Although the yards of the P. & L. E. railroad are being operated at their maximum, there are in the neighborhood of one hundred men, former employes of the company who are said to make a practice of insulting the wives and daughters of railroad workers on the street and annoy the men in the yards.

Emmett Ross of Newell was taken to Monessen last Friday evening by a P. & L. E. policeman and arraigned before Squire Shuster on a charge of assault with intent to kill. The prosecuting witness withdrew the more serious charge and substituted one of assault and battery. Ross was fined.

Several of the strikers were sworn in as deputy sheriffs at the time of the strike, but it is alleged that they mingle with the strikers and though they hear their epithets and see their misconduct, do nothing for the maintenance of law and order. The railroad company has added three officers to its police force there.

DONORA MAY HAVE RECREATION PARK

Although not officially announced, it has been learned that the American Steel & Wire company of Donora has planned for the laying out of a new recreation park for the big steel borough, this outing center to be provided with a safe swimming pool for both sexes and all ages, and to have a regulation baseball park on a greater scale and in a safer place than America park.

Plans for this park have been under consideration for some time and it is stated that the work of laying out the new recreation ground has been begun on the Phipps estate, a part of the large real estate holdings of the company north of the borough line. It is again stated the company has again taken up its plan for a summer outing for the workingmen of the mills and that this will be made the occasion of the opening of the new park.

HOME FROM VACATION SPENT IN [illegible]

Mr. and Mrs. C. F. Fye [illegible] Speers, have returned home after spending a month's vacation at Atlantic City. They witnessed the parade of the Rotary International Club, which held its annual convention in Atlantic City. The parade was one of the best ever held in that city, having delegates from all the states in the Union, as well as from the British Isles, Cuba South America and Panama.

COMMISSIONERS IN HARRISBURG TO CONSULT HEAD OF HIGHWAYS

Will Suggest Use Of Slag Instead Of Stone On Improved Roads

WANT PROTECTION FOR ROADS

The Washington County Commissioners, accompanied by the county engineer, left Washington on Tuesday for Harrisburg, where they had a conference this morning at 11 o'clock with State Highway Commissioner Sadler on matters having to do with road construction in this county. One of their purposes was to submit to Mr. Sadler a suggestion to substitute slag for stone in specifications for road work to be done under the direction of the department.

Present conditions are such that stone is almost impossible to obtain and freight facilities are so far below normal that its shipment and arrival at destination are very uncertain while the supply of slag is plentiful and it is not difficult to place it where needed. The use of slag would reduce the cost of road building by some $7,000 to $8,000 per mile and it has proven to be fully as satisfactory as stone when properly applied.

A prominent contractor from the river district in Washington on Tuesday stated that his experience had taught him that slag was preferable to stone for road work and made a smoother and more permanent highway when used in a careful manner.

While in Harrisburg the Commissioners will also discuss the matter of proceeding against truck owners and drivers who persist in conveying excessive loads over the public highways. The automobile division of the State Highway Department, working in conjunction with the State constabulary, has been waging warfare upon offenders in various parts of the commonwealth so actively that the practice is being overcome in a large measure.

The abuse of roads in this county has become so marked that it seems necessary to take action that shall result in the carrying of reasonable and legal loads upon trucks that traverse main routes. The highways department is also giving much attention to the fact that many boys and girls under the legal age of drivers are operating motor vehicles and that as well, in many instances, it is common practice to remove a license tag from one car and attach it to another for which no license has been obtained. If reports are correct Washington county people are not guiltless in violations of this sort and the Commissioners will endeavor to receive suggestions in regard to forcing a strict compliance with the laws regulating the operation of automobiles.

KEPT MARRIAGE SECRET FOR OVER THREE MONTHS

On April 2, in Wellsburg, W. Va., occurred the marriage of Miss Bessie Reilly of Charleroi, and Russell W. Wilkes, of Monongahela. The bride is the daughter of Mrs. Hugh [illegible] of Charleroi, while Mr. Wilkes is the son of Mr. and Mrs. G. W. Wilkes of Winever, Pa., but who has been a resident of Monongahela for some time, being a member of the firm of Wilkes and Lohr, clothiers. They will reside in Monongahela.

DINNER DANCE A POPULAR AFFAIR

The informal dinner dance given at the Elks Club Tuesday evening was one of the most successful affairs of a social character ever held in Charleroi, and for which the committee in charge is being highly commended. It is estimated that at least five hundred guests took part in the festivities of the evening, visitors being present from Monongahela, Donora, Monessen, Pittsburgh, California, Brownsville, Newell, Bentleyville and Ellsworth. Dinner was served from 5:30 until [illegible] in the evening, while dancing began at 8:30 and continued until the midnight hour. The new dining room was used for the first time and it presented a beautiful appearance not only with the handsome furnishings already placed, but these were accentuated by a judicious use of palms and ferns. The Jenkins-McGowan Popular Players furnished music for the occasion, and the various numbers proved most acceptable to the guests, many of whom took part in the dance. Every feature in connection with the new addition to the Club room was utilized last evening, and the occasion proved that the committee in charge are most capable when it comes to providing a popular feature or entertainment. Other affairs are to be arranged for during the summer, the next one to be given on Thursday evening, July 29, while the committee composed of William Vetter, Wm. Matthias, Gilbert Zimmerman and Frank Delveaux will appoint other dates which will be announced from time to time.

LEFT FOR EXTENDED VISIT WITH RELATIVES

Miss Evelyn Elder, of 801 Lincoln avenue, left Pittsburgh Saturday evening last with her uncle, Alex. Robson, for Baltimore, where she will visit her aunt, Mrs. Ada Lilly. From there she will go to Washington, D. C., for a visit, and thence to New York to visit her aunts, Mrs. Lilly Shaw and the Misses Rose and Violet Robson. From there she will return home in time to take up school again in the fall.

COX AND OHIO.

Republicans who have stopped to study and analyze election returns in the State of Ohio for several years past are not scared or worried about Senator Harding getting a substantial plurality over Governor Cox, his Democratic opponent, in November.

Senator Harding and Governor Cox have never been pitted against each other before for the same office, but in 1914 Senator Harding ran for Senator and was elected by 102,000, running 75,000 ahead of the state ticket. Governor Cox in the same election ran for Governor and was elected by 31,258. And the progressives had a ticket in the field at that time, their ticket being headed by James R. Garfield, who had been a member of Roosevelt's cabinet. He polled that year 60,971 votes.

The Democrats like to talk about Governor Cox being elected Governor of Ohio in 1912 by a plurality of 165,823. They fail to indicate that in that year the Republican ticket was badly split by the Progressives having a ticket in the field. Governor Cox, while having a large plurality over General R. B. Brown, the Republican nominee, was really elected by a minority as his vote was less by 52,080 that the combined vote of the straight Republican candidates in the State.

In 1916—the year when the Democrats told everyone that "Wilson kept us out of war," the year in which Governor Cox "consented to run to pull Wilson through," as he himself expressed it, Wilson carried Ohio by more than 89,000 while Cox's plurality over Willis, who again opposed him was only 6,600.

In the last contest between Governor Willis and Cox in 1918 Willis carried Ohio outside of Hamilton county (including Cincinnati) by upward of 5,000, but a plurality of more than 16,000 in Hamilton county gave Cox the election by more than 11,000 votes. In that campaign the Democrats used certain utterances by Willis before the nation went to war and the Democrats also made a special plea to the wet interests of Hamilton county, the liquor stronghold of Ohio.

It is contended by Republicans of prominence and figures seem to bear them out, that in a fair fight, Cox has never carried Ohio. In each instance when he has been elected the Republican party has been divided or pleas have been made to special interests in his behalf, Willis being a "dry" and Cox a "liberal."

The only time that Senator Harding was defeated in Ohio was back in 1910, when Judson Harmon defeated him for Governor. That was the year in which the beginning of the schism in the Republican party made its appearance and the G. O. P. victories were few and far between that year. When the Republicans of Ohio stay together they always win. They are together this year and that fact presages certain victory in the Buckeye State.—Uniontown Herald.

THE REASON WHY

Figures are not available to show the burden that high costs of government—nation, states, cities, counties and towns, inflict upon the people of the country, says the American Agriculturist. We speak of our Army. Our Army is small, compared to the far bigger army in civilian jobs. The pay of the latter is big, in most instances very much bigger than these men earned in private life. Thousands of men earning at home $1,000 to $3,000 a year when appointed to state or national government places at once get twice or three what they earned before. And the people pay the bills. Half of this army is unneeded. High cost of government is the direct cause of the high cost of living.

We all wish to jail all the little grafters who get away with a few dollars but the government should be very careful not to get too close to the fellows who gather in millions.

Spiders and Gold.

One of the many quaint superstitions of the sixteenth century was that "Spiders be true signs of great stores of gold." The saying arose in this way: "When a passage to Cathay (the China of today) was being sought by the Northwest, a man brought home a stone which was pronounced to be gold, and caused such a ferment that several vessels were fitted out for the express purpose of collecting gold. Frobisher, in 1577, found in one of the islands on which he landed, similar stones, and an enormous number of spiders."

Father of the Typewriter.

Just 100 years ago, Christopher Latham Sholes, the "Father of the Typewriter," was born in Pennsylvania. While serving as collector of customs, he became interested with two other inventors in the problem of making a machine that would write letters and words. A letter written on one of the early machines attracted the attention of a capitalist, who provided funds, and Mr. Sholes continued improving the model until at last the first practical typewriter was put on the market.

Poise.

Sarah Bernhardt is credited with having said: "Prettiness does not matter. If a woman has charm and energy, she can secure whatever else she desires—love, success, power." There is a distinction between prettiness and beauty. A fluffy-headed, highly powdered and rouged woman may be pretty, but the beautiful woman has to have wholesomeness, cleanliness, neatness and charm. And the latter is the permanently endowed.

Sense in Superstition.

There is often a common-sense reason underlying what, at first sight, seems merely a superstition. Take, for instance, the old belief amongst colliers, that a mine much frequented by mice is a lucky mine. We know now that mice are peculiarly susceptible to foul gases, and the presence of unusually large numbers of these little animals, therefore, is proof positive of the absence of any danger. Hence the alleged "luck."

Unladylike Behavior.

Bernice was in the habit of calling her father on the telephone. On one particular occasion she had lifted up the receiver and had asked for the number wanted. After waiting about a minute the operator told her to hang up because the line was busy. After she hung up she explained to her mother, standing close by: "Oh, mamma, the lady chased me off the phone."

Grandmothers Vindicated.

Our grandmothers used to hang a red flannel petticoat over the window of a smallpox patient's room, asserting that it hastened the cure, and also prevented "pitting." Scientists have now discovered that the red rays do actually exert a bad effect on the bacteria of the disease, and a correspondingly good effect on the patient.

The Violin Bow.

The shape of the present bow dates from the end of the eighteenth century when F. Tourte changed it from the bow shape as its name indicates. It should be from 27 to 30 inches long and contain from 130 to 150 hairs which are drawn tight by the nut. The stick is generally of snakewood, or lancewood.

For One's Own Comfort.

Half the sting of poverty is gone when one keeps house for one's own comfort and not for the comfort of one's neighbors. It is not what we lack but what we see others have, that makes us discontented.—Miss Mulock.

People of Little Worth.

The truth and nature of man are holy things, not lightly to be scorned. A carelessness of life and beauty marks the glutton, the idler, and the fools in their deadly path across history.—John Masefield.

Whether you be man or woman you will never do anything in the world without courage. It is the greatest quality of the mind next to honor.—James Lane Allen.

Money-Mad Folks.

"De way some folks will russel an' scrap fob money," said Uncle Eben, "it 'pears enough to make a silver dollar look like a medal fob bravery."

Steal Two-Story Brick.

A two-story brick structure at Alden, N. Y., with fixtures, bricks and everything, was carried away by thieves.

Not Result of Experience.

Experienced people don't tumble when they try to get into a hammock, because they know the ropes.

Paradoxical.

Seems odd to say that a fellow is in a hole because he can't find an opening.—Boston Transcript.

Daily Thought.

Superstition is a senseless fear of God.—Cicero.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Charleroi woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Charleroi woman's experience:

Mrs. W. H. Hendershot, 814 Fallowfield Ave., says: "I think too much hard work and being on my feet a good deal caused my kidneys to become weak some time ago. My back was very weak and I often became dizzy and black specks appeared before my eyes. My head seemed to never stop aching and I was so nervous it was all I could do. My kidneys acted irregularly, too. Doan's Kidney Pills improved my condition wonderfully flushing out my kidneys and strengthening my back. I can't say too much for Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy get Doan's Kidney Pills—the same that Mrs. Hendershot had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CLOSING DAY NOT BEING WELL OBSERVED

The Wednesday afternoon holiday, which was inaugurated in Belle Vernon two weeks ago, is not being very well observed, according to the Enterprise. The first week there was a general cessation of business but last Wednesday afternoon it was reported that a number of stores kept open all afternoon and evening. It is feared that unless the merchants get together and agree to abide by the arrangements the plan will be discontinued. Efforts are being made to line the merchants up in favor of this movement, which it is believed would prove very popular, if given a fair trial.

PRICE OF WHISKEY FALLS IN DONORA

According to the Donora Herald, bonded whiskey in that town was being quoted on Monday at $8 a quart retail and it is stated that some of those handling liquor are getting clear stuff at $16 a gallon. It is said the figures were prevailing in Monessen, and it was intimated that some dealers were offering it in half-pint lots at $2 per half pint. The supposed presence of federal agents is said to be having a restraining influence on the part of those who have recently been selling the real stuff right over the bar.

It pays to be poor sometimes. A boy kidnapped by mistake was promptly released the other day when it was discovered that his father had no money.

American idea of athletic exercise is sitting on the bleachers and yelling "Rotten" at the umpire. It's a case of exercising the voice instead of the muscles.

The predicted horseless age will never come so long as all those wrecked automobiles have to be pulled out of the ditches.

Why expect "Back to the Farm" movement to amount to anything, when the never plant any shade trees out in the corn fields?

M. T. Crowley was in Pittsburg last evening, attending a meeting of the Pittsburg Memorial Art Club, which was held in the Chamber of Commerce building.

Fau Dry Goods Company

EVENING OUTING AT OAKLAND PARK

The Lutheran Brotherhood held a meeting in Oakland Park last evening, the trip being made in automobiles. Immediately on arriving at the park lunch was served which was followed by a ball game, horse shoe pitching, etc., after which a very profitable meeting was held. Several important actions were taken. The men decided to make up a brotherhood choir to sing at all regular church services in August, in order to give the regular choir a vacation. It was decided to hold the next meeting at the same place.

PIPER'S PHARMACY.

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness, And Become Fretful, Nervous and Run-down—

What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood, Rich In Iron

Physician Explains How Organic Iron—Nuxated Iron, Enriches The Blood, Strengthens The Nerves, Builds Up Physical Power and Often Makes Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But a woman cannot have beautiful rose cheeks or an abundance of strength and endurance without iron, and physicians below have been asked to explain why they prescribe organic iron — Nuxated Iron — to help supply this deficiency and aid in building a race of stronger, healthier women.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital says: "Many a woman who is run-down, easily tired out, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron might readily build up their red corpuscles, increase physical energy, and get themselves into a condition to ward off the millions of disease germs that are almost continually around us. I consider Nuxated Iron one of the foremost blood and body builders—the best to which I have ever had recourse."

Among other physicians asked for an opinion was Dr. George H. Fuller, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Manufacturers' Note: Nuxated Iron which is prescribed and recommended above by physicians is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth nor make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

PIPER'S PHARMACY

"The intimate article of dress known as the corset which the majority of women wear but know very little about"

Alice S. Cutler, M. D.

IN this pertinent way the well-known medical authority, Alice S. Cutler, M. D., describes the most important garment in the wardrobe of women.

"Buy your corset carefully," warns Dr. Cutler. "No one wants to be ill, and when women realize that the constant wearing of an ill-fitting corset helps to keep our hospitals open they will insist on being properly fitted to corsets instead of buying them hit or miss."

We unreservedly recommend Gossard Corsets, the original front-lacing corsets, as the complete expression of modern corsetry. Every Gossard Corset is hygienically correct. If properly fitted to the figure for which it was designed, and carefully adjusted each time it is worn, it will mould that figure to the ideal proportions [illegible] comfort. It will safeguard the wearer [illegible] ailments [illegible] result of [illegible]. It will [illegible] a winning service that [illegible] the price paid for the garment.

Wear Gossard CORSETS They Lace In Front

If [illegible], the new Spring and Summer Gossards are superior to those of the past season, [illegible] acknowledged to be without equal in [illegible] active women [illegible] the many [illegible] improvement.

LOCAL DELEGATES AT EPWORTH CONFERENCE

The Pittsburgh Conference Epworth League Institute at Mountain Lake Park, Md., was held from July 13 to the 18th. This was a great training school for young people. The daily program comprised early morning devotions, Bible study, department work, special instruction, [illegible] in the forenoon and recreation in the afternoon, consisting of hikes, [illegible] parties, ball games, etc., in the afternoon. Prayer groups gathered in various parts of the park in the evening.

Sixteen delegates from the Charleroi League attended the entire session and one of the delegates attended part of the time. Rev. Greenlee, of the local church, and Prof. Carroll of the Douglas Business College drove from Charleroi to the park on Saturday and visited the young people of the church, and attended the institute sessions and took part in the afternoon hike. A splendid time is reported.

Next Sabbath evening the young people's meeting of the M. E. church and the public service will unite, and the delegates will report the work of the great institute.

STAR CAST OF PLAYERS IN PICTURE AT COYLE

It is not often that a motion picture has in its cast two recognized stars. In "Hawthorne of the U. S. A.," the film attraction at the Coyle theatre on Monday and Tuesday, July 26 and 27, the role of the hero is played by Wallace Reid while Lila Lee appears in the chief feminine part as if this pair of favorites were not enough the rest of the company has been selected exclusively from prominent screen players. Theodore Roberts plays the role of a United States Senator and Monroe Salisbury, who has been leading man for Marguerite Clark and other feminine stars, is Wallace Reid's partner in adventure. The picture is adapted from the play of the same name, in which De Wolf Hopper once starred in the legitimate. It concerns the experience of a pair of improvident American law clerks touring Europe in a "flivver" when they break the bank at Monte Carlo and invade an absurd little [illegible]-torn kingdom.

Mr. Dawson's Statement

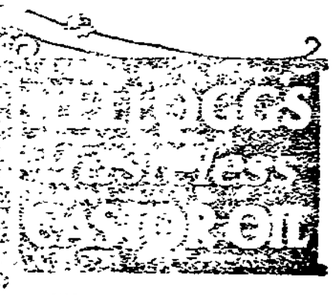
To the Editor:—With reference to the incident that occurred between the health officer of the borough and myself I feel that some statement should be made by me. From the time our boy took sick until the day he visited in Burgettstown a period of fourteen days had elapsed, and further, there appears to be a difference of opinion between Mr. Darby and myself as to when the quarantine was established, the card posted not being dated. I further wish to state that myself and family have always been ready and willing to observe all the laws and to comply strictly therewith.

George Dawson

Those who have been selling Jamaica ginger will please sit up and take notice after reading what happened to those dispensers who faced Judge McElhaine at court on Monday. According to the interpretation of the Washington county court selling Jamaica ginger for beverage purposes is a violation of the Brooks law, and it will be so treated.

A festival will be held at Ebenezer church Friday and Saturday evenings July 23 and 24th. 39-t2p

Give the Children



CHILDREN take it without knowing it is castor oil. Disagreeable taste absolutely eliminated by special refining process. Strength and purity unchanged. 100% pure castor oil.

STAND IN WAY OF BUSINESS

Historic London Churches May Have to Give Way to the Demands of Modern Progress.

Nineteen historic city churches in the heart of London, 13 of them the work of Sir Christopher Wren, have been marked for destruction by a commission appointed by the bishop of London to consider the whole question of the city churches. In seven cases it is proposed to preserve, for their architectural and historic value the towers of the churches. In the other cases these old monuments dating back to the seventeenth century and the great fire of London, would disappear.

This is the recommendation of the bishop's commission, but already strong protests have arisen and the Society for the Protection of Ancient Buildings has announced that it will take every possible step in making the strongest protest.

The value of the sites of these churches is placed at nearly $5,000,000, situated as they are in the great business center of London, between St. Paul's and the Tower and a little to the north of that line. It adds luster to this enormous return from the church property the commission expects to realize an income of $120,000 a year from the benefices after setting aside $81,000 a year for the salaries of certain of the clergy concerned. For the site of a single church that of All Hallows, Lombard street, Barclay's bank has offered $2,500,000 and the value of the site of St. Dunstan's-in-the-East has been estimated at $1,250,000.

NO HELP FROM THE DOCTOR

Abundant Reason for the Depression That Was Manifested in the Golf Bug's Attitude.

The golf bug has a sad face. He is plainly out of sorts. Something is the matter with him. He has just come from the doctor's office where he has undergone a thorough physical examination. He is sore and depressed, but not from what the doctor found, but from what he refused to find.

"You are all right," said the learned physician. "You are as sound as a nut."

It was a little joke the golf bug did not enjoy.

"Are you sure that I am in first-class condition?" he asked.

"Absolutely."

"Is my blood pressure normal?"

"Perfect."

"Heart regular?"

"Heart O. K."

"Lungs clear?"

"As a bell."

"Liver in good working order?"

"Splendid."

"No trace of neuritis?"

"Not a bit."

"Am I not bordering on a nervous breakdown?"

"Show no indication of it."

"I'm sorry."

"Sorry, man; what for?"

"I thought surely you'd dig up some good excuse for me to go away. Now I'll have to be honest and say I'm going South simply because I want to play golf."—Detroit Free Press.

Ancient Cornerstone Laying.

The custom of laying the cornerstone of a public building with ceremonies was practiced by the ancients. At the laying of the cornerstone when the capitol of Rome was rebuilt a procession of vestal virgins, robed in white, surrounded the stone and consecrated it with libations of living water. A prayer to the gods followed, and then the magistrates, priests, senators and knights laid hold of the ropes and moved the mighty stone to its proper position. In a hollow cut in the stone were placed ingots of gold, silver and other metals which had not been melted in any furnace.

With the Jews the cornerstone was considered an emblem of power, and they also performed ceremonies at its laying. In medieval times the rite was taken up by the order of Freemasons and has by them been brought down to modern days, the Masonic ceremony of laying a cornerstone being symbolical.

Out of Place.

Aunt Hannah came home from church the other Sunday morning distinctly out of sorts. When asked what was wrong she answered that she thought there was not the proper reverence in that church. Pressed to give further explanation she finally did so.

"I didn't like any of the choir," she complained. "They were too fickle looking to sing hymns and I thought it perfectly sacrilegious when that soprano got up in those slippers with the high, thin heels and sang, 'How Firm a Foundation, Ye Saints of the Lord.'"

The family she was visiting smiled but later admitted to themselves that it was indeed incongruous although not exactly sacrilegious.

Work Poor.

Charles M. Schwab at one of his Loretto dinner parties was talking about a man who was vainly beseeching the banks for a loan.

"He's a rich man, too," said Mr. Schwab; "but he's work poor."

"Work poor?" said a guest.

"Yes, work poor," Mr. Schwab repeated. "You see, he's always got so many operations in hand that he's always short of money to finance them. Work poor, I call it."

Then he smiled and added:

"He's one of those fellows who dig so much that they're always in a hole."

PROMINENT KNIGHT OF PYTHIAS SAYS REESE FORMULA R-11 IS "ACE" OF ALL REMEDIES

W. M. Smith, of Mingo Junction, Ohio, is so Rejoiced at Being Relieved He Wants All Sufferers to Know About R-11

Mr. W. H. Smith of Mingo Junction, Ohio, who is well known in that city as a man of standing, writes before below the benefits derived from the use of The Reese Formula R-11. Mr. Smith is a member of the Mingo Junction Lodge of the Knights of Pythias and a man of standing in the community that his word must be considered.

Mr. Smith states: "For four long years I have tried without success to get relief from much trouble. The best physicians around Mingo Junction failed to help me. I had everything. I was full of gas, bloating, pains in my back and around my kidneys. I would get dizzy and black spots would appear before my eyes.

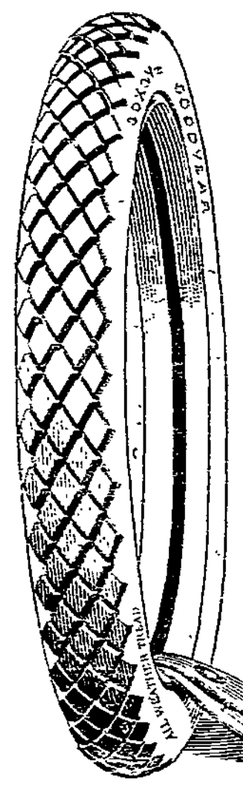
"I tried the Reese Formula R-11 as a last resort, having very little confidence in its ability to relieve me but I want to say to you now that before I had taken all of the first bottle I was completely relieved. I have just bought two more bottles and never intend to be without it in the future. It is the Ace of all medicines and I think the least I can do is to tell others of its wonderful merits. I know a great many will be skeptical as I myself was, but as they need do is try it and they will be as enthusiastic as I am. Reese Formula R-11 can't be thought of as any ordinary medicine for it is in a class by itself."

Why don't you forget about the many other advertised remedies and try The Reese Formula R-11 today. There is health and happiness in every bottle if you suffer from stomach, liver and kidney trouble in any of their various forms such as dizziness, indigestion, rheumatism, nervousness, sleeplessness, backache, urinary or female trouble, etc. Give your system a general spring overhauling, clean up your body the same as you do your home and see how much better you feel and how brighter life will seem.

If you wish further information, write direct to our Medical Adviser, Medical Department. The Reese Formula Co., Huntington, W. Va.

Reese Formula R-11 knocks that "Spring Fever" higherm'a kits. Your druggist has it or get a bottle today from Hemmings' Drug Store.

Equip Your Small Car With Goodyear Tires



Goodyear Tires in the 30x3-, 30x3½- and 31x4-inch sizes are manufactured with characteristic Goodyear care to build high relative value into every carcass and tread.

Last year more cars taking these sizes were factory-equipped with Goodyear Tires than with any other kind.

In order to make these tires widely available to users of such cars, we are operating the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car requiring one of these sizes, go now to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50

GOODYEAR

Few of us realize what a pound of honey means to the bees who produce it. To make a pound of clover honey, bees must take the nectar of 62,000 clover blossoms; and to do this requires 2,750,000 visits to the blossoms by the bees. In other words, in order to collect enough nectar to make one pound of honey, a bee must go from hive to flower and back again 2,750,000 times.

Expected Usual Division.

I have two nephews, who were so near the same age they were always given duplicate presents. For instance, if one were given a drum, the other was given one exactly like it. One day their mother presented them with twin sisters. One of my nephews, after standing and looking at them for some time said, "Mother, which one do I get?"—Exchange.

Extreme Economy.

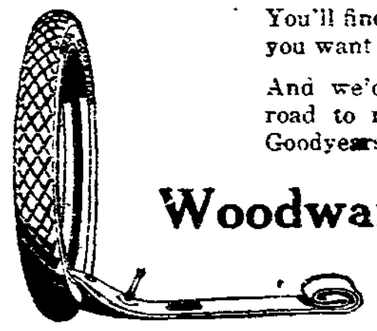
A neighbor had some dental work done. When the filling was completed the tooth felt too long, causing him nervousness and annoyance. I asked him why he didn't have the dentist grind it off a little and he said seriously: "Well, I hate to think of all that gold dust going to waste after I've paid for it."—Exchange.

Just What You Want When You Want It

—that's the motto back of our Tire Service.

Particularly our service to the users of 30x3, 30x3½ and 31x4 Clincher Tires.

We've got complete stocks of Goodyears in these sizes. And Goodyear Regular and Heavy Tourist Tubes too.



You'll find us ready with just what you want when you want it.

And we'd like to put you on the road to real tire economy with Goodyears.

Woodward Garage
